Message from President Loren Anderson

Members,

We were blessed with some very good days of flying this past month. I usually count on building in February and March but alas I got the flu. Some of you that I have talked to also had to fight the same fight.

Back to flying though I have been slow to get back to building.

We are looking forward to a very eventful summer with the air shows, BBQ and fun flies. We still have a few more events to schedule but planning has not been firmed up yet.

We have a great presentation scheduled for our next meeting. Jerry Kirshenbaum is going to explain his pilgrimage into FPV. He will discuss the following.

Discuss the legal requirements to operate the FPV video transmitter.

How he got his FCC tech and general license - really easy.

March Events

6:30 p.m. Wednesday, 03/21, Club Meeting

President Report

Loren Anderson reported that the AMA would be providing a new Safety Rules Sign to be posted at Suhaka Field. It was indicated to him that we may receive it by the end April of this year.

The District 9 Meeting concentrated on safety. Field closings at various locations are of concern. As it has been a concern for us at Suhaka for the last fifty years.

Loren asked that the Board members introduce themselves to the membership. The board members present did so.

Vice President Report

Dan Kellogg was unable to attend. Loren Anderson had an update on the Memorial Plaque. Loren reported that he had a friend that would provide the stone with engraving at no cost. It would also have a mounting provision as not to damage Plaque when the club installs it.

Secretary Report

Mike Eason provided update on Jackets and cost. Jackets orders would include a cap as well for $55.00. Additional caps can be ordered at the same time for $10.00 each, if desired. The cap color members would like can be selected at the time they pick up their jackets. A sample of the order sheet was passed among the membership. Each member will receive this form by email and the form can be filled out and printed. Forms need to be mailed to the address on the form with payment. Cutoff date to receive orders is March 5, 2018. The club is getting a good price on jackets due to the number of jackets to be ordered. The price break is at 24 and it appears that we will be above the price break.

Jack Steinhauser asked if we would be able to order single jackets at later date. The minimum order for jackets is 3 at a cost of $63 each with the no emblem on back of jacket.

Equipment - googles vs display; very superficial comments about various googles; frequencies; video equipment hookup - not obvious to me.

I am looking forward to this presentation after I watched him fly one day.

See you all at the meeting.

Loren Anderson, President

DRCE Meeting Minutes (continued from page 1)

President’s Letter (continued from page 1)

I am looking forward to this presentation after I watched him fly one day.

See you all at the meeting.

Loren Anderson, President

Speaker Paul Schlein

Bob Smith asked if he could have his AMA# added in his personalization. I will have to check into it and get back to him.

Mike Eason also requested input on the idea of purchasing a few extra jackets in different sizes that were not personalized. Pros and cons were discussed but no motion was made.

Treasurer Report

Richard Lowery reported on financial status and club
is solvent. Current number of reregistered members stands at 84.

**Safety Officer Report**

Joe Vedovati was not able to attend. Mike Eason reported that the active role of members at the field providing information to members and others that fly at Suhaka Field concerning safety rules is having a positive effect. An example was when a quad operator came to the field. Rodney and Mike inquired as to him having a FAA# on his aircraft, which he did. He did not have an AMA membership but joined on the spot using his smart phone.

Rodney shared that a young man, John Lewis from Virginia requested flight training and when he showed up at the field he had his FAA#, AMA Membership and his airplane. Rodney was not familiar with his plane and had John take the plane up. John flew two batteries through the plane with no problem. John indicated that he would be joining our club.

**Show and Tell**

Eric Sunderwirth displayed his BAE Hawk purchased from General Hobby several years ago as a kit plane. It is one of the largest BAE Hawk available. He installed a 90mm 6s power system and retracts from a 262. He also added a functioning rudder.

Bob Smith shared his Senior Cadet which weighs in at 6 ½ lbs. installed an OS 46 engine in this kit plane.

Ed Hoyer shared information on quad and helicopter events coming up in various locations in the country.

**Door Prizes**

5 $10.00 Gift Cards from Tower Hobby

1. Wayne Ehlke
2. Ed Hoyer
3. Sid Gates
4. Susan Lowery
5. Rodney Getty

Motion to adjourn.

1st Bob Smith
2nd Ed Hoyer

Motion approved.

Meeting adjourned 7:45PM
