Message from President Loren Anderson

Members,
I hope that you have had a good start to the summer. We have had a full last thirty days. I want to thank all the members who participated in the TAG event at the Airpark Elite field. It was windy but the kids did get a chance to fly along with the adults.

The Aerofest event in Longmont was also fun. Nathan was awarded his Camp AMA scholarship along with a check from members and the club totaling $395 to help cover expenses and to provide some pin money. He hopes to be back in time for the club meeting to provide a report on his experience.

I want to thank all of you who donated and helped with the scholarship effort. We can’t forget the youth portion of our commitment to flying R/C. Let’s get another youth member signed up for next year.

June 2019
DrCE Meeting Minutes (continued from page 1)

Shirts this year will be burgundy in color and will be provided to all Air Show participants at no cost. Shirts will be available for purchase for $12.75.

Air Show parking will not be allowed in center island area this year. We have been told that we can use the parking area north of the field. Should limo service be provided to bus persons to field? Place signs showing where parking will be permitted?

Erkan would like to video the Air Show but would like to be paid for it by outside money. Does anyone have an objection? No objection.

Loren will have a representative from the FAA speak at next month’s meeting.

Dave Hall brought up the new FAA regulation requiring that not only is an AMA membership required but also membership in a local club. This was discussed but tabled.

Vice President-Richard Lowrey

Richard asked if we could look into the relocation of pilot pads at the north end of the north runway.

Secretary-Mike Eason

Steel Storage Container submittal is ready to be presented to the Park an A.C. of E. for approval. It was asked what the purpose of the new container is. It will provide much needed increased storage capacity and be more secure. The type of locking mechanism was shown.

Safety Officer-Joe Vedova

Joe will be more active in addressing lack of adherence to Safety Rules at the field. He will be informing pilots when they are in violation.

When props show defects they need to be taken out of service and replaced. If this is not done severe injuries can happen.

Director of Flight Training-John Dickens

There has been increasing interest but no lessons scheduled as of yet. John thanked members for emptying the trash cans. Please place lids back on cans after use. It was suggested that a brick or other heavy object be placed in the bottom of cans to prevent the wind from blowing them over.

Director of Field Maintenance-Joe Apice

This Saturday will be maintenance day. Mowing, weed control, planting grass along taxiways and filling of prairie dog holes is scheduled. Joe thanked all those that helped last month. So much was done last month there is not as much to do this month.

Auction Items

1. C.G. Machine was won by Mike Swan with bid of $5.00
2. Tower Digital Mini TAC was won by Bob Brelsford with bid of $6.00

Show and Tell

Bob Smith showed his Horizon Hobby V900 ASX3 High Speed Plane. On 3s it is 100mph and on 4s 120+ mph. Bob hasn’t flown it yet.

Door Prizes

17. Eric Lezotte-Wire Control
18. Mike Swan-Socket Head Screws
19. Wayne Ehike-Shock Mount

Motion to Adjourn

Motion made by Mike Swan and second by Joe Vedovati. Motion passed. Meeting adjourned at 8:00 PM.
On the FAA side of things, we are now registered with the FAA nationally and should have a revised letter of agreement by the end of the month. The letter of agreement we currently have is just being revised to the new federal format. What that means is that we are good to go for the foreseeable future.

The storage container proposal has been approved by the Army Corps of Engineers & the park. We will be discussing this at the June meeting and proposing a budget for the project. This proposal included removing the existing structure and locating the new structure closer to the pit area around the bike rack.

The maintenance day last Saturday was not as popular as it should have been. Those few that did attend did a lot of work, but we could have used a few more hands. I want to thank those who were able to put forth the effort to cut grass and fill holes.

We are working on the airshow and would like everyone who wants to fly in the event to have the opportunity. Those who would like to help staff the event to let Jack or myself know as soon as possible.

Thanks for your support,

_Loren Anderson_
